An event which is attracting wide interest throughout the nation is the decision of the Grand Army of the Republic to go South again, after a period of 50 years. This year's encampment is made to coincide with the centennial of the battle of Chickamanga and that bloody encounter will again be fought by the Blue and the Gray. This time it will not be sword and musket but around the campfire in fraternal greeting and good fellowship. This is the first Grand Army Encampment to be held in the south and southern hospitality will be strained to the utmost to make the visit a pleasant one for the northern veteran.

The hottest place in the country this week was Clay Center, Kan., where on Tuesday the government thermometer registered 113 degrees. At Topeka the mercury soared to 109.
